<<Pictures, 19181918 照>>

## 内容概要

Asia McKinna comes of age in a rural Texas town during World War I. She struggles to understand the frailty of her grandmother, the strain of the war, her intensifying feelings for her friend Nick Grissom, and the uneasiness caused by the mysterious fires plaguing her town. Through her growing passion for photography, she hopes eventually to gain perspective on the times--and on her place in the world.
