<<救护车 Emergency Vehi>>

内容概要

Tear out the sticker sheets and have them handy when you look at each activity page. Look at the black shapes. Read the words. Can you see a sticker that will fit into that space? When you are sure you know which sticker will fit the shape, peel it off and stick it on carefully. We would like to thank the following people for their help in taking the photographs: Bristol Traffic and Mounted Police, Hampshire Fire and Rescue Service, Solent Coastguard, Cheltenham Community Fire and Rescue Station and the West Country Ambulance Service, all in the United Kingdom.
