## <<Atlas of the World 世>>

### 内容概要

The Atlas of the World is packed with facts and provides an exciting jopurney in which young readers can explore for themselves the world and its people. Each region is examined in depth, showing its position on the globe and its terrain and landscape. Fact boxes contain important information such as capital city, population, and language. The history pages give a valuable timeline of the important events in each country's past. This atlas is an indispensible source of reference for every family.
