根据学科特点，结合学生的当前需要，本套教材从第三册开始，每单元的第一篇文章是科普知识，旨在为学生提供各类学科的一定量词汇和相关知识，以扩充他们的英文词汇量和相应学科知识面，为学生将来阅读所学专业领域的英文资料，直接了解世界上该学科的先进技术和科研动态奠定扎实的英文阅读基础。

## 章节摘录

"This big ark is not only for you," God said to Noah, "I want you to go out and collect a male and female of every kind of animal and bird and reptile, and take them into the ark with you. Now go and gather all the food you can find for you and for them. You will need enough for a long voyage." When Noah's neighbors saw Noah and his family piling stores of fruit and grain, leaves and hay inside the ark, they jeered louder than ever. But Noah and his family paid no attention and went on with their work. Two of every kind of animal and bird and reptile ate a lot of food, and very soon it would begin to rain. When all the store was ready, Noah and his wife and his sons and his sons' wives went out to collect the animals. They followed Noah into the ark, two by two. As soon as every one of them was safely on board, the first drops of rain started to fall. It rained and rained. Quite soon the ark began to float. But the water rose and rose until it covered even the mountaintops and every living creature that was not on the ark was drowned. But it still rained. It rained for 40 days and 40 nights, and after it had finally stopped raining, the floodwaters went on covering the whole earth for 150 days. Then God thought of Noah and the ark, and he made a strong wind blow, and the floodwaters gradually went down. At last the ark came to rest on the top of a mountain. Noah began to send out birds to see if they could find dry land, but they could find no place to perch. Finally one day Noah sent out a dove, and that evening the dove came back with an olive twig in its beak. Some parts of the land were dry again. The next time Noah released the dove, it did not come back at all, which showed Noah that it was now safe to leave the ark. So Noah and his family, and all the creatures they had taken with them, came out of the ark onto dry land and Noah built an altar and offered a sacrifice of thanksgiving. God was pleased, and he blessed Noah and his family and told them to have many children and fill the earth with people again.
