## 前言

随着经济贸易全球一体化发展趋势的不断加强，各国经济之间的相互渗透与依存不断加深，生产国际化、贸易自由化、金融一体化已成为一个重要的时代特征。

科技的竞争、国际市场的竞争，其实质是人才的竞争。

加入WTO以后，我国也逐步参与国际经济与竞争，对外贸易日益加强。

近年来，我国的对外贸易取得了长足的发展，与此同时，对相关人才的需求也更加迫切。

作为国际贸易用语的英语也变得越来越重要，社会迫切需要既有专业知识又能熟练运用英语的人才。因此，有效地提高学生的语言运用能力，符合社会经济生活的实际需求，已成为英语教育工作者的历史责任，也是日益发达的经济和社会发展的需要。

本书是一本综合性的国际商务英语教材，包括国际贸易、国际商务管理、进出口贸易、商务谈判、国际货物运输、市场营销和国际支付与结算以及各种单证、保险等内容。

本书既可以作为商务贸易专业英语教材使用，也可以作为国际贸易专业教师进行双语教学的参考书，还可以为从事国际贸易工作的相关人士提供帮助。

本书具有以下特点： 1.本书采用英语来诠释国际贸易中的相关知识，语言浅显易懂，结构完整，内容全面。

2.本书的内容以重要知识点和关键问题为线索，并根据国际贸易的流程框架进行编排，章节清晰明了，易学易记。

3.本书的特色之处在于每个章节都有对于关键术语的注释，以帮助学习者更好地理解相关的专业术语。

## 章节摘录

By increasing the demand for new products and services , technology has tremendous impact on international business. As the demand increases , so does the number of international business transactions. But conducting business on an international level usually involves greater distances than conducting domestic business , and greater distances increase operating costs and make control of a company s foreign operations more difficult. Improved communications and transportation speed up interactions and improve managers ability to control foreign operations. Lucasfilm could control its far-flung production of the Star Wars films because it was able to move quickly from country to country and transport videos overnight from foreign shooting locations back to its production headquarters. When Lucasfilm completed production , transportation permitted it to distribute the films efficiently worldwide.

**Liberalization of Cross-Border Movements** Every country restricts the movement across its border of goods , services and resources , such as workers and capital. Such restrictions make international business more expensive to undertake. Because the regulations may change at any time , international business is also risky. Generally , governments today impose fewer restrictions on cross-border movements than they did a decade or two ago , but more than during the late 19th and , early 20th century until World War I. With the enactment of the WTO in 1995 , the restrictions will likely to continue to diminish. Although the past decrease in restrictions has been erratic , governments have lowered them for the following reasons : their citizens have expressed the desire for better access to greater variety of goods and services at lower prices ; they reason that their domestic producers will become more efficient as a result of foreign competition ; they hope to induce other countries to reduce their barrier to international movements.
