章节摘录

Awards : Won Oscar. Another 43 wins & 20 nominations. Plot : Remy is a rat living in Paris who wants to be a chef , but has to overcome the disapproval of his family and the prejudice of humans. Using a somewhat unlucky young man as a means through which to practice his art , Remy meets yet another obstacle in the form of a famous , notoriously hard-to-please food critic named Anton Ego , nicknamed "The Grim Eater". In the clip , Ego arrives at the restaurant , and instead of ordering off the menu he challenges the chef to "hit me with his best shot." Remy selects ratatouille , an older-style recipe not traditionally up to the standards of Gusteau's. Soon enough , the entree is prepared and served to Anton Ego. Ego takes a bite of the ratatouille , and immediately has a flashback to his childhood where his mother prepared the same dish to brighten his spirits after a bicycle accident. He is overwhelmed with emotion for the dish.
