<<国际商务环境>>

前言

随着经济全球化和一体化的深入推进,许多公司把海外扩张作为新时期的发展战略。于是,国际贸易的往来不断增加,贸易环境也不断在改变。加入WTO后,我国以史无前例的速度融入经济全球化浪潮。越来越频繁的国际商务活动,对商务人员提出了更高的要求,其中最重要的就是对国际商务环境的深刻了解。

因为国际商务活动与国内商务活动的根本区别就在于国际、国内商务环境的不同,各个国家的政策、经济、法规及社会文化习俗的不同。

要顺利地进行国际贸易往来,商务人员迫切需要全面了解现行国际经济秩序下的国际商务环境。

本书的立足点在于为从事国际商务活动的人士提供具有实用价值的商务环境指南,其内容涵盖了国际商务活动所面临的最重要的环境因素。

全书共分十一章,具体内容安排如下:前三章为概论篇。

第一章为背景介绍,概述国际商务活动的基本概念和特点;第二章论述国际商务企业的外部环境;第三章论述其内部环境。

第四至第十章为分析篇,分别分析国际商务环境的各个主要方面。

第四章介绍国际商务所面临的政治环境,第五章国际商务所面临的经济环境;第六章国际商务所面临的文化环境;第七章国际商务所面临的社会环境;第八章国际商务所面临的法律环境;第九章国际商务所面临的伦理环境;第十章国际商务所面临的技术环境。

最后一章为总结篇,阐述国际全球化对国际商务环境的影响,以及环境的变化对国际商务人员的挑战。

本教材希望体现如下特点:一是在内容上力图将国际商务环境理论与实践相结合,以真实生动的国际商务案例说明理论;力图将国际商务环境与中国的国内商务环境相结合,把中国商务活动放到国际商务大环境的背景之下进行分析。

二是在教学理念上强调师生的互动,注重提高学习者分析问题、解决问题的能力。

每个章节都围绕一个主题精心安排了一系列讨论和辩论问题,并配备了多种形式的练习供师生之间、学生之间讨论交流。

三是在编写体例上,力图更便于学习者学习,更能体现国际教材编写的发展趋势,如:考虑到本学科内容覆盖面广的特点,每章节都首先提出学习目标,以帮助学生掌握学习重点。

为了帮助学生提纲挈领地掌握各章的内容,文本后面给出了主要内容概括和重点术语及其中文译文;为了帮助自学或自测所学内容,每章练习中有多种形式的练习题;为了拓展读者的阅读范围和视野,每章最后都提供了参考阅读书目和相关网站.还补充了许多与主题有关的小文件夹。

Key terms
Notes
Summary of key points
Exercises
Case study : Can Market Mechanisms Reduce Global Climate Change? ...
Point-counterpoint : Is Regional Planning the Solution , or the Problem? ..-
Minifile
Webalert
Further reading

章节摘录

Market entry strategies A new foreign market represents both a potential opportunity and a risk to an organization. A companys market entry strategy should aim to balance these two elements. The least risky method of developing a foreign market is to supply that market from a domestic base. This is often not a cost-effective method of serving a market , and may not be possible in the case of some inseparable services where producers and consumer must interact. Where an exporter needs to set up production facilities overseas , risk can be minimized by gradually committing more resources to a market , based on experience to date. Temporary facilities could be established that have low start-up and close-down costs and where the principal physical and human assets can be transferred to another location. Market entry risk reduction strategies also have a time dimension. While there may be long-term benefits arising from being the first company to develop a new product field in a foreign market , there are also risks. If development is hurried and launched before consistent quality can be guaranteed to live up to an organizations international standards , the companys long-term image can be damaged , both in the new foreign market and in its wider world market. In the turbulent business environment of Eastern Europe in the late 1980s , two of the worlds principal fast food retailers —— McDonalds and Burger King —— pursued quite different strategies. The former waited until political , economic , social and technological conditions were capable of allowing it to launch a restaurant that met its global standards. In the case of Burger King , its desire to be first in the market led it to offer a sub-standard service , giving it an image from which it was difficult to recover.
