## 内容概要

In Bathrooms, Vinny Lee shows you how to achieve bathrooms that are functional as well as being places to relax and rejuvenate. When you are at the planning stage, she helps you decide what type of bathroom you need and where to site it. If a single, all-purpose family bathroom doesn't meet your needs, why not have a separate wetroom, an en suite shower room, a steam enclosure or sauna? Bathrooms can help you find the space for these 'extra' bathrooms in some unexpected places. Next comes a detailed look at the most covetable bathroom styles around, from minimal to the highly personal 'Me Style' where your imagination can run riot. The invaluable sourcebook offers a multitude of inspirational examples of all the latest fittings and fixtures, from the best wall and floor finishes, through the baths, showers, basins and taps themselves to heating and lighting, mirrors, bathroom storage and window treatments. Hardworking ideas abound on topics as wide-ranging as how to bring light to a windowless bathroom to what you need to turn your athtime into a truly indulgent experience. Vinny Lee's Bathrooms contains all the inspiration you could ever wish for teamed with the practical know-how you need to put you on track for a bathroom you'll enjoy.

#### 作者简介

VINNY LEE is a writer and stylist specialising in interior and lifestyle features. She is the Interiors Editor of The Times magazine and has written more than a dozen books on design including Recycled Spaces, Mood Indigo, The Spiritual Home, The Kitchen and Cool Pools and Hot Tubs. She is married and lives in London.
