内容概要

The Celebrate English! package is developed to engage Pupils in learning English the fun and interactive way . In this package,Pupils are exposed to a treasure trove of reading materials—from poems and established literary works to folk tales . All these materials have been specially selected to fit with the respective thematic units and they provide the backdrop for essential components of the English Language,Such as grammar,vocabulary,writing , reading and Oral Skills . Apart from the specific teaching of language skills . the materials also promote and stimulate critical and creative thinking as well as integration across the Curriculum.

Conforming to the latest syllabus issued by the Ministry of Education,this dynamic package will lay the necessary foundation for Pupils in their early years of English Language learning .
